

Pocket power for the digital world

The XPower Pocket Inverter 175 utilizes advanced electronics to convert the 12 volt DC battery power from a vehicle or airplane into 115 volt household AC electricity, so if your laptop battery runs down, you can just plug straight into the AC outlet on the inverter and keep working, just like you're at home. In addition to the AC power outlet, this inverter includes a USB charge port which can power or charge iPod™, BlackBerry™, iPaq™, Palm™ and a wide range of other electronic devices you can't live without. As one of the smallest inverters on the market today, weighing only 0.7lbs, this inverter easily fits inside even the most overburdened carry-on or laptop bag. With the integrated vehicle and airplane connector you can keep your iPod™ music flowing, your cell phone charged and your laptop running nearly anywhere you go.

Product Features

- ▶ Converts 12 VDC power from vehicle battery into 115 VAC power
- ▶ Three-prong AC outlet to handle all chargers and adapters for mobile electronics
- ▶ USB power port
- ▶ Blue LED power indicator
- ▶ DC cable with vehicle and airplane connector
- ▶ Compact and lightweight
- ▶ One year warranty
- ▶ Carry case for inverter & cables

Protection Features

- ▶ Over-temperature shutdown
- ▶ Low battery voltage shutdown (10.5 VDC and automatic reset)
- ▶ Overload shutdown
- ▶ External fuse 20 A (user changeable)

100W DC to AC Inverter for Mobile Office Equipment

Electrical Specifications

Output power (5 min)	175 W
Output power (continuous)	140 W
Surge capacity (peak)	280 W
AC output voltage	115 +/- 10 volts AC RMS
AC output frequency	60 +/- 4 Hz
AC output waveform	Modified sine wave
DC input voltage range	10.5-15 volts DC
Battery drain with no AC load	0.25 amps DC (at 12 V input)
Dimensions (L x W x H)	5.5 x 3.0 x 1" (13.75 x 7.5 x 2.5 cm)
Weight	0.7 lbs (318 g)
Warranty	One year
UPC	715535113308
FGA Part Number	813-0091

Note: Specifications subject to change without notice.
